

DESCRIPTION and USES

Rink-Cote Pro-Trak is a single-component coating designed for use on roller skating floors. It features an ideal balance of traction and speed. **Rink-Cote Pro-Trak** has a heavy-duty formulation that features greater durability and lower odor during application than competitive products. Easy application characteristics and no mixing make **Rink-Cote Pro-Trak** an ideal choice for refinishing any roller rink floor.

For professional use only.

PREPARATION

Surface Preparation: All surfaces must be dry and free of dirt, grease, wax, and loose paint. Rough surfaces should be sanded or ground smooth. All new concrete floors must be treated with a phosphoric acid based cleaning and etching product ensuring good ventilation in confined or traditionally low ventilation areas. Ensure thorough rinsing after acid treatment and allow to dry completely. Allow new concrete floors to cure 30 days before painting. Previously painted surfaces, if glossy, should be sanded to dull to assure paint adhesion.

APPLICATION

Apply with brush, roller or spray making sure all areas, especially edges, are well coated. Avoid application, if possible, when temperatures are above 90°F or below 50°F or when relative humidity is above 85%. Use as supplied. Do not thin.

CLEAN UP

Clean painting tools immediately after use with specified clean up solvent. Use same clean up solvent to clean dried product off equipment.

COLORS

Available in Blue, Ice, and Clear. A select range of batch-made custom colors is also available, subject to a minimum purchase quantity.

REGULATORY INFORMATION

For complete safety information, refer to the SAFETY DATA SHEET for this product.

TECHNICAL DATA

Finish:	Gloss
Vehicle Type:	Urethane Alkyd
Weight Solids:	50-65%
Volume Solids:	43-49%
Density:	7.6-9.5 lb/gal
Coverage:	350-450 SF/Gallon
Dry Time:	
<i>Touch:</i>	2 Hours
<i>Recoat:</i>	8 Hours
<i>Full Cure:</i>	7 – 10 Days
Clean Up:	Mineral Spirits
VOC:	< 450 g/L
Compliance:	As of 07/24/2026
	Federal: Yes
	OTC Phase 1: No
	OTC Phase 2: No
Sealer:	Self-Seal

Consult with a RepcoLite representative for additional recommendations of sealers.
